

Rally for Recovery

AND RETURN TO HEALTH

The COVID-19 pandemic has caused significant disruption to the operation, composition and performance of countless businesses. Through this uncertain time, America's employers have played a vital role in helping keep their workforce safe and healthy, and in combatting the pandemic. That's a commitment we're proud to share.

Alongside employers across the nation, Blue Cross and Blue Shield companies have joined the Rally for Recovery Commitment to protect the health of our country, slow the spread, encourage vaccinations and reopen safely to defeat COVID-19.

THROUGH THIS COMMITMENT, WE ARE:

Requiring individuals to wear masks and social distance while in the workplace

Reducing barriers to vaccinations by making it easier for employees to get the COVID-19 vaccine once available to them

Communicating with our employees, members and communities about the safety and effectiveness of vaccines and ways to prevent the spread of COVID-19

We made this commitment because we believe it's an important step to beating COVID-19. By joining this pledge, you too can show your commitment to helping our communities, our economy and our country—all for the Health of America. Together we can, and we will, defeat the COVID-19 pandemic.

"Few times in history has there been a need for such a determined and cohesive effort for the wellbeing of our global community. At GeoBlue, we're pleased to join the Rally for Recovery because we know it will take all of us, both companies and individuals, to defeat COVID-19. We invite you to match our commitment to help keep all workforces safe and healthy, promote the safety and effectiveness of vaccinations and protect our communities."

- Sheldon Kenton, President and CEO, GeoBlue and Managing Director, Bupa Global
